Skills

Since 2015 I have been an assistant illusionist,
choreographer and assistant director in the magic
and illusion show 'MISTIKA', with which I have
worked continuously around the world.

In 2011 I took the exam at the 'Theatre London' to
study at their school, I

was admitted to carry out my dance studies at the
'Royal Ballet' for a year,

but due to the expenses involved, I was not able
to do.

In 2010 I began to collaborate in Alicia Herrero's
contemporary dance

company. Carrying out choreographic research
projects, and helping the

integration of people with disabilities until 2016.
